The William Jewell College Accounting program requires 124 credit hours to complete a degree in accounting and was not designed to meet the 150 credit hour requirement necessary for eligibility to take the Certified Public Accountant (CPA) exam. Students interested in obtaining their CPA license are advised to indicate their intent to be involved in the Accounting Professional Program. The Accounting Professional Program is an advisory program designed to inform students about the requirements to obtain one's CPA license in the state of Missouri and to assist students in devising a plan that will allow them to meet the educational requirements to both sit for the CPA exam and apply for one's CPA license in the state of Missouri. Please contact Professor Chris McCullick for further information.
